

## Chapter-7.

### A Letter from Dear Earth

#### Comprehension

Ans. 1-The Earth is writing this letter to her friends, the young children.

Ans. 2- The letter is being written to make the children aware about how their activities are harming the environment and what they can do to save it.

The main points discussed in the letter are the causes and consequences of pollution and how each individual can steps to combat pollution and lead the world to a greener, pollution free future.

Ans. 3-It is important to keep our surroundings clean because our surroundings affect our life and activities. If our surroundings are clean we can stay safe from a number of problems, such as diseases.

Ans. 4. The World Environment Day is celebrated on 5 June every year.

On this day we can hold cleanliness drives, plant saplings, and encourage everybody to take steps to keep the environment clean.

Ans. 5. We can keep the environment clean by throwing all the trash in the garbage bin only. We must sort out all wastes and follow the mantra of three Rs, which is reduce, reuse, and recycle. We can use paper or cloth bags instead of plastic bags and walk small distances instead of hiring a vehicle.

 Ans. 6. People from different countries have come together to frame rules for the preservation of the environment and Earth.
