

LESSON-15

ANIMALS AROUND US

A. Fill in the blanks.

1. Animals that live in forests are known as **wild** animals.
2. We keep **domestic** animals at home because they are useful to us.
3. A cow gives us **milk**.
4. A hen gives us **eggs**.
5. Cats and snakes make **soft** sounds.

B. Write True or False.

1. Lions and tigers are wild animals. **True**
2. Fish live on trees. **False**
3. Domestic animals are useful to us. **True**
4. Birds have four legs. **False**
5. All animals make loud noises. **False**

C. Answer the following questions.

1. What are wild animals? Give two examples.

Ans. Animals that live in forests are called wild animals.

Examples: Lions and tigers.

2. What are pet animals? Give two examples.

Ans. Animals that we keep as friends at home are called pet animals.

Examples: Cats and dogs.

3. Name any three animals that are useful to us, and write how they help us.

Ans. i. Hens give us eggs and meat.

ii. Cows give us milk.

iii. Donkeys carry load for us.
