Class- III

Subject- English II

Lesson- 5 [The Matter with water]

Copywork:-

Answer the following questions.

1 Why is water worried?

Ans. Water is worried because people are not looking after it the way they should.

2 Name four uses of water.

Ans. Cooking, bathing, drinking, washing.

3 Why are farms close to rivers?

Ans. Farms are close to rivers so that the crops can be provided with sufficient water to make the soil fertile.

4 What are the creatures that live in water?

Ans. Fish, plants, crabs, turtles, and millions of little creatures called plankton live in water.

5 How can we help keep water clean?

Ans. We can help keep water clean by not throwing garbage in it.

Reference to the context:-

1 Do you know----- than land does.

() Who is saying the above sentence?

Ans. Water is saying the above sentence.

() Why is Earth called the Blue Planet?

Ans. When seen from space, the earth appears blue in colour because most of it is covered with water.

() In what form does water cover Earth?

Ans. Water covers the Earth in the form of oceans, seas, rivers, lakes and ponds.

2 But I see ----- without me.

() In what ways are humans making things difficult for water?

Ans. Humans are making things difficult for water by throwing garbage in it.

() What would happen to the living things if all the water got polluted?

Ans. All the living things would die if all the water got polluted.

() What is poisonous for creatures that live in water?

Ans. The waste and the chemicals that are thrown in the rivers are poisonous for the creatures that live in water.
