

LESSON 22 Comprehension

Library

Answer the following questions

(a) Define the term “library”?

Ans: A library is a house that contains a huge collection of books and other such things that are sources of information.

(b) How do people access information?

Ans: People access information by borrowing books from the library or through the internet in case of digital access.

(c) What can be found in a library?

Ans: Books, magazines, newspapers, manuscripts are some things that can be found in a library.

(d) How can we borrow books in a library?

Ans: We have to get membership of a library to borrow books. The librarian helps us borrow books from the library.

(e) What do you know about the first libraries?

Ans: The first libraries can be dated back to 2600BC and contained clay tablets on which people wrote with bones. Later libraries became either private or personal collections of written books. These libraries were found in ancient Greece during the 5th century BC.
